
UNITED FUNERAL CARE™

LEADERS IN SERVICE EXCELLENCE

Memorial Services

Over the 27 years of Danielle & Christopher's funeral services experience we have identified a shift in our industry – Church & Chapel services are becoming too expensive and our families are choosing memorial services to save money for a more personal and intimate farewell for their loved one.

Our memorial service packages have been designed as a more flexible and cost effective option to be held at your local membership club. For at home services, please speak to your funeral director as prices may vary.

Why Choose This?

- ◆ A religious or cultural ceremony may not be appropriate
- ◆ Relatives may face challenges in coming together quickly for a funeral ceremony
- ◆ This service can be held at a venue of your choice, i.e. Local membership club
- ◆ More affordable than a Church or Chapel Service

Call our dedicated team on our 24 hour care line **1800 899 773** for more information or a free consultation.
